

## Terms and Conditions

### Get Started

1. Call me via WhatsApp for a brief chat about what you want on +34 633517567
2. Email me all the things you want on your website such as images, content, contact info etc.
3. I will send you a few templates to choose from and once you have decided we can begin the process.

### Payment

- The price I charge you is for 1 year, after that 1 year it will only cost £100.
- A 25% deposit of the final cost must be made before the website goes live. Without a deposit I will not start work.
- Once your website is live you then must pay the outstanding amount. If you fail to do that I will take the website down.
- All other amendments will cost between £10-40. If it's something quick and you have been a loyal customer .... don't worry about it.

### What does the website include?

- 1 year free domain and hosting (some people prefer to buy their own domain so they have it always).
- A responsive website to fit on all devices
- Google map (the code will be sent to you in order to activate it)
- Google and Bing Analytics (I can see how many visitors you get)
- A modern landing page (like mine) or a website with individual pages (max 4)
- SEO score over 70% (Doesn't guarantee you'll be on the 1<sup>st</sup> page) I will talk to you more about that and your chances
- Up to 15 images and 4 videos
- A logo and flyer design come at an extra cost
- Your site will have an SSL licence (the security lock at the top near the <http://>)
- Links to your social media sites

### Why choose me?

It's easy, my service is affordable. I am certainly not going to rip you off or fill your head with techy rubbish to confuse you. I am not going to charge you monthly costs or a fortune for an amendment. Plus it's just me, I work alone.

### IMPORTANT NOTICE

If you need a contact number changing on your website for instance then just send me an urgent message "urgent change" and I will do that for you. If you are looking for someone to make regular changes on your website, I am not the person you are looking for. Once your website has gone live I can make 3 small amendments, after that you have to pay.
